

SUPPLY-A-SCHOOL

WHO ARE WE?

We are Supply-a-School! Your Trusted Partner for seamless school event supplies!

At Supply-a-School, we take pride in being the go-to destination for all your school event needs, all-year-round. As a reliable and easy-to-order business, we are committed to delivering top-quality products that add flair, excitement and sentiment to your school gatherings.

Our mission is simple: to provide appealing and high-quality products that enhance the success of your school events, delivered directly to the school premises.

Supply-a-School was created by a fellow teacher who, having witnessed the considerable effort schools invest in organizing events, recognized the potential for redirecting that energy to more impactful areas, saving staff and parents time, energy and money. Rest assured, our roots in education ensure that we are finely attuned to the unique needs and aspirations of schools.

HOW CAN WE HELP YOU FOR THE NEXT UPCOMING SCHOOL EVENT?

01

No more running around

We appreciate the significance of your time and understand the myriad of responsibilities that teachers, parents, and school staff handle on a daily basis. Our goal is to spare you from the eleventh-hour rush to Kmart, whether due to a shortage of student gifts or missing items. Simply select your preferred items, colours, and quantities, and leave the rest to us..

02

Make a profit to put towards other schools events

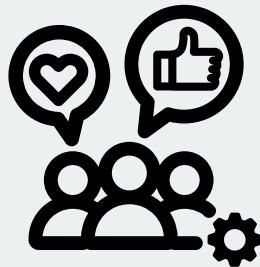

The pricing of the products at Supply-a-School ensures the school is able to make a profit on all items, and at the same time students can afford a special, sentimental gift.

03

Cater to diverse families

Considering the diverse nature of families, at Supply-a-School we believe in providing aesthetic products that come in a range of different colours and minimal labeling so they are an appropriate gift for a mum or any other special person in a student's life that they may celebrate and want to thank on the special day.

WHY CHOOSE SUPPLY-A-SCHOOL?

Reliability: We prioritize reliability in event planning. With Supply-a-School, expect prompt order processing and products that meet or exceed your expectations.

Ease of Ordering: Our simplified ordering process ensures a hassle-free experience. Explore our user-friendly website, choose your products, and complete your order with just a few clicks.

Wide Range of Products: Supply-a-School provides a diverse selection of products to suit every school occasion throughout the year

Customer Satisfaction: Our dedicated team is committed to your satisfaction. Reach out to our friendly customer support for any questions or concerns. Your happiness is our top priority.

Competitive Pricing: Quality doesn't have to be expensive. Enjoy competitive pricing on all our products, allowing you to maximize your budget without compromising on excellence.

SUSTAINABILITY AT SUPPLY-A-SCHOOL

While it's enjoyable to receive the typical pink Mother's Day branded items once or twice, or the blue dad labelled t-shirt we've received feedback that not all parents desire this type of gift every year, especially for those with multiple children. At times, the accumulation of such gifts can lead to unnecessary waste in our growing landfills.

In our commitment to sustainability, we aim to provide gifts that are not only practical and aesthetic but also versatile for year-round use and appealing to other family members as well who take on the mother or father role. Recognizing that the school stall may be the sole place where students purchase gifts for their loved ones, we believe in making these gifts both special and functional for the recipients.

Our ordering system is streamlined to only order the items that schools need, avoiding the extra freight emissions and the discarding of unwanted items

THE ORDERING PROCESS

All we ask of you is to order online or put the order form in by the due date and leave the rest to us. We will get the order to you at least 1-2 weeks before the event leaving you plenty of time to check the stock and set up for the stall.
